1. After using i>clicker to poll in class, you can now review results and upload session data to HuskyCT, UConn’s learning management system. To begin, launch i>clicker, then click Open Gradebook.

2. If you haven’t done so recently, click Sync Roster to add any students who have registered their clicker recently. Then click Sync Scores.
Upload to HuskyCT

3. Select session or sessions

4. Choose upload options.

5. Click Upload.

“Scores uploaded successfully” is displayed and corresponding columns will appear in HuskyCT.
